MATTER OF: ITT Telecommunications Division - Request  
for Reconsideration

**DIGEST:**

Upon request for reconsideration, prior decision is affirmed as protester does not advance any additional facts or legal arguments which show that earlier decision was erroneous.

ITT Telecommunications Division (ITT) has requested reconsideration of our decision B-185546, July 9, 1976, wherein this Office denied its protest against the rejection of its offer under request for proposals No. ST 75-37, issued by the Department of State.

Decisions of the Comptroller General are subject to revision upon reconsideration if a material mistake of fact or law is alleged and proven. Fischer Engineering & Maintenance Company, Inc., B-179193, November 11, 1974, 74-2 CPD 253. In its request for reconsideration, however, the protester does not present any evidence of errors of fact or indicate through argument or cited precedent any mistake of law, but rather indicates general disagreement with our prior decision and restates the arguments made during the initial protest.

Therefore, our decision of July 9, 1976, is affirmed.

  
Deputy Comptroller General  
of the United States
